

# Gainesville Surgery Center

*an affiliate of SCA*

Dear Patient:

We are pleased that you have placed your trust in us to provide your healthcare services.

Gainesville Surgery Center was designed to provide patients with a more efficient and less stressful environment. Our pleasant atmosphere and highly trained and helpful staff can minimize the anxiety that often comes with having surgery.

In the days before you procedure, you will be contacted by a representative from Gainesville Surgery Center to discuss your insurance coverage, and financial responsibilities. This conversation will cover co-pays, deductibles, and co-insurance. Please do not hesitate to ask for clarification on any of these matters during this telephone call.

Please expect a call the day before you scheduled procedure to discuss pre-operative preparation and time of arrival and to answer any questions you may have regarding your procedure. During this call, we will verify your appointment time and arrival time to the facility. It is important that a responsible adult drive you to and from the facility for your procedure. In view of the fact that you will be sedated and receive anesthesia during your visit, we cannot allow you to drive yourself home. Unfortunately, we cannot make any exceptions to this requirement.

When you come to Gainesville Surgery Center, we ask that you do not bring any jewelry or other valuables to the center. We do ask that you bring a photo I.D. and insurance card(s) with you as well as your advance payment for co-pays or deductibles based on your conversation with the financial counselor.

If at any time during your visit you have a question regarding a process or your safety, we ask that you “SPEAK UP” and share your concerns with our staff. Our goal is to provide a safe, friendly environment in which your concerns are addressed promptly to your satisfaction.

In closing, we appreciate the trust you have placed in the team at Gainesville Surgery Center. We will make every attempt to honor that trust by providing the high quality medical care you expect and deserve. We want your visit to be as pleasant as possible under the circumstances and welcome any comments and suggestions you may have.

If you have any further questions, please call us at 770-287-1500. One of our highly qualified team members will be happy to assist you.

Sincerely,

Andy Whitener  
Administrator
